

Supply List for **AFRICAN IMAGES**

A wide assortment of African or ethnic fabrics in 1/8 to 1/4 yd amounts. You will need larger pieces of backgrounds (these could be leaf, wheat, grasses, or mixed texture grounds. Large scale prints that allow cutting animals, flowers, objects, grasses, or other art forms can be utilized. It will be a timesaver if you pre-cut large animals, flowers, and leaves, cutting clean to the edge of the subject, leaving no seam allowance. A few texture only prints will be helpful for small designs. Black is always good to have.

Quilt Inspirations from Africa (book by Kaye England)

a good pair of small fabric scissors (very sharp, this is a must)

paper scissors

a few sheets of plain paper (typing or copy paper)

freezer paper (optional)

pencils, pens and notebook

rotary equipment and mat

foam core design board (if available)

1 1/2 yd of fleece or flannel for design board

reducing glass (optional)

sewing machine

variety of metallic or variegated threads and assorted thread colors

camera

I highly recommend design boards be available as most of this work is in study form and much easier to lay-out on a board.
