

Indigo Sampler Supply List

The following is yardage amount for 62x71. Adjust if you wish to make your quilt larger or smaller.

I prefer using one setting fabric and it should be a light to medium/busy or plain depending on the amount of quilting you want to do. Be sure it is complimentary to your light and darks.

Setting Fabric	2 yards
Darks to equal	1 1/2 yards
Lights to equal	1 1/2 yards
Border	1 yard

In addition to your fabrics you will need the following

Rotary cutting equipment and rulers you like

Sewing Machine in good working condition

Thread to blend with your fabrics

Optional Rulers I recommend are: (all are available from my web site)

Nifty Notions Half Square

Nifty Notions Quarter Square

Nifty Notions Side Setting Triangle

If you're uncertain about rulers then bring what you currently own and I'll explain the differences.

Camera/film to record the ones you will also want to make.

Please come to class prepared and on time. I also request that you not wear perfume as many people are allergic to fragrances.
