

CHECKS & CHICKS

Supply List

Checks and Chicks book (\$20) Available in class or [online](#)
Browse the book and select the project or projects you would like to work on and then choose the fabrics according to the project.

I highly recommend you bring the necessary rulers to achieve the project you've selected. All the projects can be done in a traditional manner but the ruler use will make this much easier and more accurate.

Other Supplies:

- Rotary Cutting equipment
- Sewing Machine in good working condition (extra bobbins with neutral color comes in handy)
- Any special sewing tools you like to have on hand
- Notebook and pencil (for copious note taking)
- Camera (to record those you want to make)
- Candy sure comes in handy as well!!!!!!

Most importantly come to class with an open mind and ready to have a great sewing experience.
