

## Civil War Study Supply List

This class will inspire and motivate you to delve more deeply into this era by studying fabrics, block type, women, men, songs and even poetry from this period in history. We will participate in a fabric swap to enhance everyone's stash and **if you wish to participate** in the trade bring a variety of fabrics from this time period, pre-cut into 9x11 or the easiest is to cut a fat (18 x 22) 1/4 yd into four equal pieces. You will trade as many pieces as you bring. This exercise will also allow us to study pattern and colors more closely in case you are in doubt if your fabric is authentic. (I believe if you like it, it will work) No one will grade us on the authenticity, however I want you to know the difference and then you can make your own choice.

You will be given a variety of patterns to choose and you will be able to work independently of other students and plan your own masterpiece working with the **Civil War Legacy by Kaye England**, or your alternate patterns. There will be lots of quilts to study and choose from.

Bring to class a wide variety of fabrics in small pieces and also;  
**Civil War Legacy by kaye england (available in class)**

sewing machine

rotary cutting equipment

any basic supply you like to have on hand

**half square triangle ruler - optional**

**quarter square triangle ruler – optional**

**bias rectangle ruler – optional**

**The three above rulers are all from Nifty Notions and are optional to make your work easier. You can use any ruler that does these jobs. Rulers will be available in class.**

camera and lots of film

notebook/pencil

fabric and paper scissors

Most importantly plan on new techniques and a deeper insight into our historical quilts.
